WHAT IS 'BIT N BUILD'

BIT N BUILD

Bit N Build is an International Hackathon, which is organized by Fr. Conceicao Rodrigues College of Engineering, Bandra West Mumbai, in collaboration with leading institutions globally, it promotes innovation and collaboration among students from diverse universities.

The event consists of two phases: Individual colleges hosting national and international hackathons, and the top two winners from each state will advance to the final round at Fr. CRCE, Mumbai, for the ultimate competition

WHAT'S NEW?

Bit N Build celebrates its third edition of the international hackathon this year, with global participants and a co-organizing committee with 25+ national and international universities representing each state and country

THE PHASES

THE HACKATHON WILL BE CONDUCTED IN TWO ROUNDS

PHASE 1:

Maharashtra state level hackathon

This 24-hour online hackathon is open to all colleges in Maharashtra. Nationally, each state hosts a similar round. Local winners advance to the final Bit N Build round.

Phase 2:

GRAND FINALE

The top selected teams from the Maharashtra round will join winners from other states and countries at the finale hosted at Fr. CRCE, Mumbai, where they will compete for the grand prize.

TIMELINE

TENTATIVE

DAY 1: 3RD OCTOBER

» **2:25 pm**
Problem statement release

» **2:30–3:00 pm**
Form Filling

» **3:30 pm**
Inauguration

» **4:00 pm**
Hackathon Begins

» **9:00 pm**
Mentoring Round

DAY 2: 4TH OCTOBER

» **12:00 pm**
Judging round 1

» **4:00 pm**
Judging round 2

» **6:00 pm**
Closing Ceremony and Result Announcements

PRIZEPOOL

FIRST PRIZE

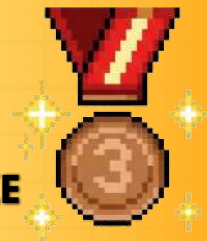

Rs. 50,000

SECOND PRIZE

Rs. 30,000

THIRD PRIZE

Rs. 20,000

RULES & GUIDELINES

» Eligibility:

- The hackathon is open to all students pursuing bachelor's degrees.

» Registration Fees:

- ₹200 Only

» Team Formation:

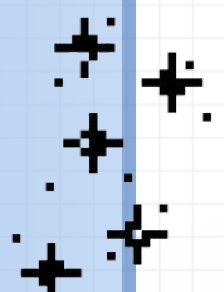

- Individual participation is not allowed.
- Teams can consist of 2 to 4 members.
- Participants can form their own teams.
- The team can have people from different colleges.

» Duration:

- The hackathon will run for 24 hours for the final round.

» Code of Conduct:

- All participants must maintain a respectful and inclusive environment.
- Any form of discrimination, harassment, or disrespectful behavior will not be tolerated.

RULES & GUIDELINES

» Original Work:

- All projects must be original.
- Participants are welcome to present a project of their own.

» Submission Requirements:

- Projects must be submitted before the 24-hour deadline.
- Submissions should include a clear project description, demo, and any necessary documentation.
- Participants are required to update their GitHub repositories and push code at least once every 3 hours during the hackathon.

» Technology Stack:

- Participants are free to use any programming languages, frameworks, and tools.
- It is recommended to disclose the technology stack used in the project.

» Judging Criteria:

- Projects will be judged based on creativity, technical complexity, practicality, and overall presentation.
- Judge's decisions are final
